RUN 3 (right vertical) TANGO™ 48" (1.20m)/ RUNWAY™ 10 48" (1.20m)/ DELTA™ 48" (1.20m)/ RUNWAY™ 10 48" (1.20m)/

TANGO™ 48" (1.20m)

RUN 4 (bottom horizontal) TANGO™ 48" (1.20m)/ SS 48" (1.20m)/ SIERRA™ 57" (1.45m)/ SS 48" (1.20m)/ TANGO™ 48" (1.20m)

For maximum capacity in larger formats such as Long Course (50m) and waterfront use, there is nothing that will bring smiles faster than a full size circuit! This course is tried-and-true, a proven performer that offers room for up to 60 users at once. Throughout the course, ultra-low profile SwimStep™ XL platforms allow for easy entry at any station while a diverse selection of challenging features such as TANGO™, DELTA™, VISTA™, SIERRA™, FOXTROT™ and RUNWAY™ keep guests engaged for hours.

### Circuit 1 Technical Features

#### **Duratex™**

##### **Commercial grade fabric reinforced PVC material.**

Ideally suited for watersports, Duratex™ material is the finest, commercial grade fabric reinforced PVC available. Each Aquaglide Platinum item uses Duratex™ material for maximum strength and durability.

#### **HA Weld™**

##### **Hot air-welded seams for high quality and outstanding durability.**

'HA' or Hot Air Welding is the process used to fuse Duratex™ material seams for years of trouble-free use. HA welding produces clean, strong seams with no unsightly glue marks or splits.

#### **RF Weld™**

##### **Radio frequency welded seams for high quality and outstanding durability.**

'RF' or Radio Frequency Welding is the process used to fuse DuraTex™ material seams for years of trouble-free use. RF welding produces clean, strong seams with no unsightly glue marks or splits.

#### **Interloc™**

##### **Heavy duty stainless fittings and convenient Interloc straps for modular use.**

Aquaglide Platinum items connect to one another using the Interloc™ system. Soft webbing offers some flexibility, while remaining tough enough for years of service.

Only Interloc™ blends the convenience of a cinch with the security of a locking connection.

#### **3 Year**

##### **Limited Warranty against any and all manufacturing defects.**

Each Aquaglide Platinum™ item offers a warranty covering any and all manufacturing defects for an extended period of time. The Circuit 1 includes a 3 Year warranty for recreational use, a 1 year warranty for commercial use.

#### **UV Block™**

##### **Materials specially treated for high resistance to the sun's damaging rays.**

Each Aquaglide Platinum item is treated with UV Block™, the highest grade 3-year UV coating available.

While we recommend periodic maintenance with additional UV coatings, there is no substitute for having UV Block™ incorporated into the material right from the start. UV Block™, for years of trouble-free use.
